Important Healthcare Data for Your Patrons

Data Axle Reference Solutions is now offering our patrons **FREE access** to our U.S. Healthcare Database for the next 90 days for those who do not currently subscribe. This data is very valuable right now as communities, business owners, and residents adjust to social distancing, working from home, and other COVID-19-related issues. We hope this information will give your patrons the knowledge they need to stay better informed during this pandemic.

Call [800.808.1113](tel:800.808.1113) or email reference@data-axle.com
for more information.
